- MySQL
- SQLite
- PostgreSQL
- MongoDB
- Mongoose

Methodologies

- RESTful
- MVC/MTV
- ORM
- OOP
- Agile
- Responsive Web Design
- TDD/Jasmine
- APIs

SUMMARY

Full Stack Web Developer specializing in Python, C#/.NET, and MEAN. A self-motivated, quick learner who enjoys problem solving and thrives in a dynamic, collaborative environment. In addition to my coding skills, I have over six years of experience in recruiting and staffing. My athletic background has instilled me with a competitive spirit and the ability to work as part of a team towards a common goal. Seeking an opportunity as a software engineer where I can continue to grow while providing value to the organization.

PROFESSIONAL EXPERIENCE

Dan Evans Real Estate View Website | View Code
